Student Information System (SIS)
Upgrade

Grossmont Academic Senate

February 7, 2022

Project Overview

Improve the Student Information System (SIS)

1. Move off WebAdvisor

2. Adopt full functionality of Colleague Self-Service and the Experience Portal

Project Phases

1. Phase I – Part A: Phase Out WebAdvisor

2. Phase I – Part B: Fully Implement Self-Service

3. Phase II: Implement Ellucian Experience Portal

4. Phase III: System Maintenance

Project Goals

- Create a better end user experience for students.
- Ensure compliance with applicable regulations.
- Provide clear, easy access to information real-time 24/7 for students, faculty and staff.
- Maintain sound business processes that enhance services to students and faculty.
- Data owners assigned and role permissions / security classes implemented.
- Complete all phases of the project as described.

Guiding Principles

- Student and Equity Centered
- Adoption of native functionality of the system when possible, with minimal customizations
- Full utilization of system functionality from the beginning as possible
- College alignment
- Data Integrity and Data Governance

Keys to Success

- Executive and Management Support
- An understanding of the importance of the work; sense of urgency established
- Open minded with regards to change in process and structure
- Availability of resources when needed to complete the project
- Communication

Timeline

- Target completing Phase I by June 30, 2022

- Have Key pieces in place for Fall Registration – April 18, 2022
