2021-2022 Important Information:

Guiding Principles: The calendar for the 2021-2022 curriculum proposal review was established by taking into consideration variables such as, the schedule of classes, mode of instruction, articulation timelines, catalog timelines and reporting to external agencies (e.g. CCCCO and ACCJC). To that end, proposals were grouped to meet these timelines with consideration for the least number of visits to the Curriculum Committee. In some instances, departments are scheduled to visit the Curriculum Committee several times due to the number or type of proposal(s) submitted.

DISCLAIMER: For inclusion in the upcoming catalog (2022-2023), curriculum proposals must have completed the curriculum review process and have all necessary approvals. Approvals include Curriculum Committee, Governing Board and the California Community College Chancellor’s Office, ect. Faculty are responsible for responding to requests for information and revision in a timely manner.
