

Regarding AB 1111 Funding
From: Lynn Neault
Date: October 20, 2024

As a follow up to our discussion on AB1111, following are all of the district systems that will be impacted and need modifications to Common Course Numbering. As with past major initiatives, the state recognizes the impact on larger systems when determining funding allocations.

Barbara and Kerry are working on assessing the extent of the work and compiling an estimate of the workload, staffing impact and resources. I hope to have an estimate of the effort by the end of the month.

Let me know if you have any questions.
