The purpose of this sabbatical is to [gain knowledge of interprofessional education \(IPE\) in Italian and Australian healthcare education](#). I plan to share our IPE methods, and participate in theirs. I'll learn new and creative ways to deliver IPE, especially virtually. GCC's reputation for producing highly prepared nurses is at risk as clinical hours have been halved in some cases. I want to learn better, more creative ways of delivering IPE, especially online. The community benefits from providers who know how to communicate, collaborate, and deliver the best care possible, avoiding medical errors. I will lead seminars here and there for students and faculty to foster an open exchange of ideas. I'll present the measurement of my outcomes at faculty and division meetings in Fall 2023 and hopefully in a journal article.
