Introduction and Instructions

Annual unit planning forms a bridge between the goals and recommendations documented in Comprehensive Program Review and the college's annual resource prioritization and allocation process. This process helps departments (and the college as a whole):

- make better decisions based on data and documented needs
- link resources to program goals and activities
- create institutional memory and evidence of continuous improvement.

Please note that if your department submits requests for resources, your Annual Unit Plan (AUP) will be used by the prioritization committee(s) to help provide context and rationale for the request. **To complete the AUP, answer the questions below, thoughtfully and succinctly, with consideration for how your department supports fulfillment of the Grossmont College mission statement:**

Grossmont College provides an exemplary higher education learning environment through comprehensive and innovative instructional programs and student support services.

By advancing equity and inclusion, we prepare our diverse student population to lead and engage with local and global communities.

We fulfill our mission by providing the people of East San Diego County with:

- Associate/transfer degrees and certificate programs
- Career education and workforce development
- Preparation for collegiate success
- Exploration of academic and career options
- Lifelong learning opportunities

SECTION TWO: PROGRESS TOWARDS EXISTING GOALS

- 2.1 Grossmont College has built the goal of achieving educational equity¹ into its mission statement and Strategic Plan. As part of this work, we have begun to engage in dialogue institutionally about how we support this goal. In the past year, how has your department begun to support this institutional goal (e.g., departmental discussions on disaggregated data; implementation of equity-focused best practices; participation in the 12 Gateway project; equity-focused changes in curriculum or scheduling, etc.)?**

Use this field to provide a brief (150 words or less) update and/or attach additional documents as needed.

¹ **Educational equity** is not the same as equality. In decisions regarding educational equity we must consider: 1) **Access**- equal opportunity to gain entry to services; (2) **Process**- a process that begins by acknowledging that unequal starting place and continues to correct and address the imbalance; and (3) **Outcomes**- all students are provided educational experiences that ensure the achievement of certain uniform goals and objectives.
